Messages received by the R.N. W.M.P. early this morning from Jasper, west of Edison on the C. T. P., reported John Fredericton was shot and instantly killed last night about nine o'clock during a card game at Stewart Bros.' pool room.

A man named Jose has been arrested in connection with the shooting and will likely be brought to the city today.

The R. N. W. M. P. will go west this morning to make further investigation.

SHERIFF'S POSSE AND BANK ROBBERS CLASH

Neither Are Injured Despite Exchange of Pistol Shots—Robbers Escape in Darkness—Had Secured

Nearly \$3,000 From Royal Bank at Cumberland.

By Bulletin Lensed Wire.

Vancouver, B. C., July 12.—A special despatch from Cross Island, which lies in the southern end of the Gulf of Georgia, says that the two robbers of the Royal Bank clerks of Cumberland, Vancouver Island, were last night attacked by Sheriff Hynes and party of deputies. A pistol fight followed, and the robbers escaped. No one was injured.

Sheriff Hynes said that he was within eight feet of one of the bandits and fired at him, but missed. The robber returned the fire but in

EDMONTON TO WINNIPEG BY WATER ROUTE

Surveys of River Are Being Con-
tinued Preparatory to Actual
Construction Work

MAJOR HUBBELL HERE
ON INSPECTION TRIP

Alberta Is This Year Receiving
Lien's Share of Survey
Work in West

That a staff of land surveyors are continuing the work of making surveys on the River Saskatchewan between Edmonton, Saskatchewan, and that it is the intention of the public works department of the Dominion government to construct locks on the Saskatchewan and deepen the channel, making the river navigable for steam craft all the way between Lake Winnipeg and Edmonton, was the statement made by the Hon. W. H. Hubbell, secretary for Major P. W. Hubbell, re-inspected of the Civil Service, who is here on an inspection trip.

Major Hubbell is the chief inspector of land surveys in the Dominion government and is located in Ottawa.

While on his inspection trip, he has been examining surveys in the neighborhood of Winnipeg and between Albert and had proposed making the trip north via Port Resolution to Port McMurray where some inspection work has to be done, and to that end he is making a stop at this time at Major Hubbell's disposal, and will return to Ottawa from Edmonton.

Major Hubbell is an old timer in the West. He went through the rebellion in 1870, serving under Colonel Williams as a lieutenant in the Militia regiment. He was in the West at that time he was as far west as Battleford, while in 1889 he came to Edmonton.

"You could have bought lots anywhere in Edmonton in 1889," said Major Hubbell, "and I have met a lot of men who were poor in those days who stayed here and who are now among the wealthiest men in the city."

Major Hubbell says he always felt that Edmonton's location in the heart of a big coal, timber and agricultural country was that it must be a big city some day.

"It has not more than begun to develop," he said.

The bulk of the surveying being done in the West this year is in Northern Alberta. Last year Saskatchewan had the lion's share but a force of 70 men is being concentrated in Alberta this year and very large tracts of the homestead land are being mapped out.

TO INVESTIGATE SMASH OF ASSURANCE COMPANY

Demand Is Made for Full Inquiry
Into Cause of Collapse of British Shareholders Who Had Invested \$800,000 in the Company.

Toronto, July 12.—There will be a thorough investigation into the smash of the Union Life Assurance Company, whose policyholders have recently been reassured by the Metropolitan Life Insurance Company of New York. At this time the Metropolitan is in the office of Geo. K. Appel, the official receiver, C. S. M. Innes, on behalf of the British shareholders, who had invested over \$800,000 in the company, demand a full inquiry into the cause of the collapse of the big insurance concern. It was decided to begin the investigation immediately.

T. T. Clarkson was appointed permanent liquidator by the shareholders, taking the place of Mr. Finlayson, the government inspector, who has acted as interim liquidator. Mr. Finlayson said that the shareholders, who are the principal losers, desired that there be no delay in making the investigation, and should there be sufficient funds for this purpose an application will be made to the Dominion government. Mr. Clarkson's bond was fixed at \$5,000.

HE LEAVES CHICAGO IN 90-MILE RACE

Glen L. Martin Makes Good Progress
in the Hutchinsonian

Chicago, July 12.—Glen L. Martin, after many delays, left Chicago in his hydroplane at 5:30 a.m. on July 12, for his 90-mile race around the lakes to Detroit. Martin was accompanied by Earl D. Both are Los Angeles men. He made a pretty start and took the air quickly, and continued to slip into the harbor at Michigan City, to touch at South Haven and to make a dash for Detroit over a course of 110 miles by night.

Martin, Minn. (U.P.)—Glen Martin landed in the harbor here at nine o'clock, carrying Charles Day in his machine. They arrived safely at 9:45 and headed for Michigan City.

No Arrests Made in Calgary Case
Calgary, July 11.—The police have not made any arrests in connection with the theft of \$72 from the cash drawer at the Land Titles Office. Efforts to locate the stolen cash books have also been fruitless. It is reported today that the five recently apprehended employees are going to Edmonton to ask the attorney general for a complete investigation of their dismissal.

Every District In Prairie West Reports Promise of Bumper Crop

Rains of Last 48 Hours Have Been General Throughout the Three
Provinces—Moisture and Warmth Have Brought Crops
Along in Excellent Shape.

Heavy rains have been general all over Alberta and the prairie West during the past few days, and there is plenty of moisture everywhere. The present picture of the situation is all around excellent of the crops. With the conditions of soil and climate varying considerably, as they are in different parts of Alberta, it is unusual to be able to report that the weather in almost all sections is ideal. No part of the province is without sufficient moisture to ensure the crops coming to maturity in good condition. The growth everywhere is rapid, warm sunshine alternating with copious rains. In many places the wheat is well out in the head. There is a good length to the straw, but not too long and in all except a few small areas the grain is heavy.

Central Alberta.
Along the C. N. R. line in Central Alberta every point reports favorably. In the Edmonton district, with the heavy rain and heavy rain the growth is very rapid. At Lacombe it is reported that some wheat was headed out and nearly all was in the sheaf. At Mundare also wheat is headed out in many fields. It is the time of the year the crops are well advanced. All along the line in the Vermilion section reports indicate rapid growth. At Lacombe, in wheat and barley the early sown spring wheat is headed out, while fall wheat and rye have been in head for some weeks.

Outlook Everywhere Encouraging.
Calgary, July 11.—Ten days of sunshine, after splendid rains all over Alberta, have put the crops of this province in the best condition possible. Rains within the next fortnight insure a bumper crop. Wheat is well headed out everywhere, and case barley well advanced. The yield of sugarbeets in the Cardston district is said to be larger than ever. Profiting by the difficulties in spring grain in the West, the farmers of many districts have gone in for mixed farming, particularly in wheat, and thousands of bushels will be shipped from sections this fall that have shipped none in the past. The outlook is very encouraging.

No Drought in Medicine Hat.
Medicine Hat, July 11.—Rain practically all day yesterday with the outlook for another wet one today will work wonders for the crops. The hot weather of the past two weeks had dried the crops, and the weather has practically absorbed all the moisture. The outlook is very bright.

Light Shower at Lethbridge.
Lethbridge, July 11.—Only a light shower fell today but it was good for the country to the north and east of the city. The moisture was most welcome, although by no means badly needed. Crop conditions in the south country are decidedly promising. A little hail fell today but not enough to cause damage.

Richards Haying.
Prince Albert, Sask., July 11.—The steady rain all day yesterday and evening will freshen the crops, but it is unnecessary. There has been ample moisture here now to insure a crop and the filling of the fields will interfere with haying. Expecting rain to a bumper crop in the district.

Saskatoon Has Plenty of Rain.
Saskatoon, July 11.—Rain fell in light showers all yesterday afternoon. It was a heavy soaking shower, pouring at seven o'clock, and lasting with less intermission all night. The crop is moderate. Crops were not suffering in this district from lack of moisture. A week ago and had made good headway under the influence of the warm weather.

LAMAR IMPERSONATED UNITED STATES SENATORS

Complicated Case of So-called Union
Pacific Company Is Heard
By Federal Jury.

New York, July 12.—The impertinent of David Lamar, his impersonation of United States senators and conspiracy include the so-called Union Pacific Company, was heard before the federal grand jury today by District Attorney Marshall. At the testimony taken in the case before the senate body investigating committee was given to the jury and Lewis Carroll, one of the principal witnesses before the committee was called to testify.

His hearing came late in the afternoon and was not completed. Other witnesses having knowledge of the case are understood to be under subpoena.

BOLLER RISK OPENS

The risk on the South Sea was opened Thursday night and proved a very popular attraction. The floor is in good condition and with the band in attendance, the relief furnished a pleasant evening's amusement.

CHILD LOST VOICE IN A THUNDERSTORM

Martinez, Mex., July 11.—Every time it thunders, Lucy Sephalia, 12 years old, of Dallas Bay, Mich., loses her voice. She first lost her voice some weeks ago during a thunderstorm. Shortly afterwards it was restored when she was playfully frightened by a friend. In each electrical storm since that time the same thing happens. Each time the floor is in good condition and with a prearranged surprise. Many physicians have been consulting the case.

In the Region District.
Region, July 11.—The Region district was visited by a refreshing rain yesterday, and it is again raining slightly. Crops are looking splendidly around the district. There has been plenty of moisture and of moist weather is more to be desired now than more rain. Farmers are looking for a record yield.

Warmth With Rain.
Monro, July 11.—Rain started here twenty-four hours ago and with intermissions continued through the day. There was a heavy thunderstorm but during yesterday it was falling. The evening another thunderstorm, which in more moisture and it has been raining since. It is reported that the farmers have all the rain they want for some time to come. The crops are all better for the down pour as it has been fairly warm.

Needed to Insure Bumper Crop.
Edmonton, July 11.—All the all-weather rain fell yesterday, while crops in general were not suffering for the want of moisture the rain of yesterday was badly needed to insure a bumper wheat crop. This rain has fallen almost every day for the past two weeks it has not been of the soaking variety. Everything now indicates a bumper crop in all cereals.

CONSOLIDATION OF LAKE STEAMSHIP LINES IN CANADA

\$25,000,000 Arranged for in London—Further Big Investments
of British Capital

London, July 11.—It is announced here that a large consolidation of Canadian water transportation companies is about to take place, to be known as the Canadian Transportation Lines, Ltd., with a capital of five million pounds sterling. This sum, which approximately twenty million dollars, will be provided by some of the most important financial houses in the city, complete arrangements for this undertaking being now being made.

The new corporation will acquire as going concerns at least twelve existing companies. The consolidation scheme is expected to result in many benefits to shippers and the investment of further large amounts of British capital in Canada.

W.B. Corsets

No part of a woman's dress is more important than her corset.

What matters the fineness of her gown, the prettiness of its colors, the sweep of its soft folds, if it be not a good fit?

And how can it be a good fit unless its wearer has the right kind of corset, and that corset properly adjusted to her figure?

Of corsets there's none better than W.B. Naufon's: grace, slim length, willowy suppleness, shape-holding and comfort! W.B. Naufon has all these.

We've made our corset section a mecca for women who care for their figures. We're daily fitting women who tell us they've never before had just the needed touch in the adapting and putting on of their corsets.

Our fitters have not only the theory, but the practical experience to render them absolutely dependable constrictors.

There are several new models in W.B. Corsets recently in that we'd like to have you see. Prettier garments never were handled. As to their quality and ability to give you a good figure we are enthusiastic.

The Great July Clearance and Rebuilding Sale Continues With Interest Unabated

Take a look at the roof of our store—you can see the rafters on all sides—there's going to be another storey. If you could go up on our roof and see the dozens of men with hammers, saws, wheelbarrows, etc., as busy as bees, you would realize for a certainty that we have got to hustle ourselves to give them more room. Then every day sees our new addition still further towards its handsome six storeys—contractors will want to move us into this new store very soon now. And then they'll commence pounding merrily away in this building—changing walls, installing new elevators, putting in the beautiful new fixtures, and generally rejuvenating things. We've got to lessen our stocks tremendously to give them "elbow room" and prevent them from spoiling our merchandise. That's the reason for this stupendous Rebuilding Sale—and the July Clearance adds to the interest in a great measure. Come today, there are scores of wonderful bargains that we haven't the space to advertise—maybe just the things you want most.

SASKATCHEWAN GOES TO LONDON FOR MONEY

Attorney General and Minister of
Public Works to Negotiate
How to Loan

Winnipeg, July 11.—In order to
negotiate a bond issue of the Saskatch-
ewan government, Hon. A. Fur-
ber, attorney general, and Hon. A.
H. McNab, minister of public works,
are going to London. They passed
through the city last night. Mr. Jus-
tice Lamont, of the Supreme Court of
Saskatchewan, is going with them.
Mr. Furber said that the govern-
ment had decided how large the
bond issue would be. That would
depend on the market, and on other
conditions. He remarked that he ex-
pected Saskatchewan would do as well
as Manitoba did with the loan.
It is several years since Saskatch-
ewan has last applied to the London
money market.

UNITED STATES CROPS BELOW THE AVERAGE

Report of U. S. Department of Agri-
culture shows several crops to be
below average of Last Ten Years
—Cora the One Exception.

Washington, July 11.—Drought and
early frost in certain parts of the
country brought the average condition
of crops in the United States on July
1 down to nearly one per cent. lower
than on the same date last year, and
to 4.7 lower than the last average crop
conditions on July 1 for some years
past, ten years in most cases.

Conditions are below the average,
the department of agriculture an-
nounced yesterday, in the Atlantic
coast and North Central States, ex-
cept Virginia, Florida, Ohio, Wiscon-
sin, Iowa and Nebraska. They are
above the average in the south cen-
tral and far western states, except
Kentucky, Alabama, Montana, Utah
and California.

California Crops Poorest.
The lowest conditions are found in
California where July 1 found the
crops 13.7 per cent. below the aver-
age. North Dakota crops are 11.7
per cent. below; New Hampshire, 12.6
per cent. below; South Dakota, 11.1 per
cent.; Wyoming the highest above aver-
age with 9.3 per cent. followed by Ne-
braska, 7.7 per cent.; Texas, 6; Wash-
ington, 5.3; Oregon, 5.2; and Iowa, 5.1
per cent.

Corn Flourishing.
Corn shows the most flourishing
condition, standing at 182.5 or 2.5
per cent. above its ten-year average.
Other crops show the following aver-
ages: Hemp, 162.5; Hops, 162.1; Winter

Wheat, 102.1; cotton, 102; alfalfa, 101;
cattle, 101.5; calves, 101.1;
apple, 100.3; beans (dry), 100.5; sugar
beets, 100.2; rice, 99.9;
sweet potatoes, 98.6; sugar cane, 98.2;
onions, 98.1; hay (all cultivated
kinds), 97.2; tobacco, 97.4; potatoes,
97; flax, 94; peaches, 92.7; mat-
ure, 91.1; soy, 90.5.

MIDSUMMER SHOWS AT THE THEATRES---NEWS AND NOTES OF THE STAGE AND STAGE FOLK

FLORENCE MOORE IS FUNNIEST GIRL IN ALL THE WORLD

So Say Hundred Who Have Seen Her Work in "Hanky Panky"

SHE WILL BE HERE IN THAT PLAY NEXT WEEK

She and Her Partner, William Montgomery, to Star Alone Next Fall

Local theatregoers are prepared to welcome Florence Moore, the sensational comedienne, with the musical comedy "Hanky Panky," coming here the last half of next week. Miss Moore adds to her fame in every city she plays in and now Portland and Seattle have joined with Los Angeles and San Francisco in declaring her the funniest girl in the world. She secured a tremendous hit in both these cities and she and her husband "stealing the show" in the first opening night, the audience making Miss Moore make a speech.

When she started with "Hanky Panky" Miss Moore was merely one of the group of all sorts, being a girl and a young and pretty girl, among such a remarkable cast of world famous comedienne she apparently had no chance. Today she is the one bright shining star of all that group, the one performer in the show the audience talks about when it leaves the theatre. The highest salary star in the cast. In two years she has found her way upward to the top of the comedy world, and as a result of her ability and a style so new and novel, and so productive of results in hearty laughter, she is the one star of the Empire during this engagement.

Never before has so many famous theatrical stars and a company of the standing of the "Hanky Panky" company toured through this section of the country. Miss Moore in theatricals she is not understood how the owners of "Hanky Panky" have made the trip, for a talk the jettied and jampacked stars of musical comedy would march rather to back on Broadway during the summer, or

Stage Stars And Pretty Girls When "Hanky Panky" Comes Next Week

Christine Nielsen, Max Rogers, Harry Cooper, Hugh Cameron, Gray Smith, Arthur Carleton, Myrtle Gilbert, Virginia Evans, Flo May, and Florence Moore, With Her Partner William Montgomery, Are Some of the Stars That Will Be Seen in the Cast.

"Hanky Panky," with Lew Fields' all-star company, comes to the Empress Theatre for three nights, commencing next Thursday, July 17th, with big special matinee Saturday.

This plain announcement tends to embellishments to cause patrons of the theatre in Edmonton to respond in numbers that will test the capacity of the Empire during this engagement.

LONDON CRITICS PAY COMPLIMENT TO GREAT ACTOR

Sir Johnston Forbes-Robertson Receives Letter From London Critics' Circle

ASK "FAREWELL" FOR HIS NATIVE COUNTRY

Express Hope That He Will Not Give His Last Appearance in America

The London Critics' Circle, recently formed in association with the influence of *Journalists*, has forwarded the following letter to Sir Johnston Forbes-Robertson.

London, June 12, 1913.

Dear Sir Johnston: As the office and committee of the Critics' Circle, representing the body of the dramatic critics in London, we extend to you the warmest of welcome to your arrival in this city. We have been happy to recall elsewhere and severely the charm, dignity, and distinction with which you have sustained the highest traditions of the actor's art. We wish, however, to take this opportunity of thanking you particularly for your generous and unselfish interest in the drama, and to members of the press in general, in your efforts to bring to the attention of the public the merits of our art.

Vaudeville Bills for Next Week

Edwards Davis, an actor who has been one of the top in America or here, will headline the Orpheum vaudeville bill at the Empress Theatre the first half of next week in "The Kingdom of Destiny," the first production of the Keith-Orpheum Circuit. The play is a beautiful actress portrayed by a company that has been selected for its extraordinary ability in the various roles to which they are assigned.

A quartet of grand opera soloists, each one of whom has led his or her band in notable European productions, are the Vanders, who will be seen in a song story called "The Fishermen's Betrothal."

"The Burglar's Union" is the title of the cleverly devised little comedy, contrived by Williams, Thompson and Copeland, a trio of characters who long ago won their spurs as comedians.

A wide range of dancing steps are offered by the Three Dancers, who come to Western Canada direct from a long engagement at the Alhambra theatre in London. They will dance the latest "Fountain of Youth" in a Nutshell.

Initiating every new attraction known to the orchestra leader and his more better, Boline is now in a hilarious manner.

Two clever comedians, entertainers are Harry Fidler and Byron Sheldou. They sing, play and impersonate in a hilarious manner.

Lyceum Permanent Players Will Present "The Old Homestead"

Edmonton People Will Be Able to Renew Acquaintance With This Old Favorite.

"The Old Homestead," the greatest brain child of the late William Thompson, one of America's best dramatic actors, will be the attraction at the Lyceum Theatre next week, according to the announcement of Manager A. J. W. White. The play is a beautiful actress portrayed by a company that has been selected for its extraordinary ability in the various roles to which they are assigned.

A quartet of grand opera soloists, each one of whom has led his or her band in notable European productions, are the Vanders, who will be seen in a song story called "The Fishermen's Betrothal."

"The Burglar's Union" is the title of the cleverly devised little comedy, contrived by Williams, Thompson and Copeland, a trio of characters who long ago won their spurs as comedians.

A wide range of dancing steps are offered by the Three Dancers, who come to Western Canada direct from a long engagement at the Alhambra theatre in London. They will dance the latest "Fountain of Youth" in a Nutshell.

The Wheat Belt Is Pushed Northwards By New Variety—The "Prelude"

STANDING CROP COMPETITION

Entries are now being received by the superintendent of the laboratory of the department of agriculture for the standing field grain competition which will take place this month. These competitions which have been held for a number of years are doing a valuable work among the grain growers of Alberta. Last year a special impetus was given to the competitions and again this year a great deal of interest is being shown.

- The International Agricultural Institute gives the official preliminary estimate of winter wool in Russia-Europe as 257,630,000 bushels compared with 242,761,000 last year, while 1901 will reach 260 bushels compared with 1,066,611,000.

The Canadian market for wool, says Mr. Whitemyre, is ten times as large as the home supply and for this reason and also for the reason that the sheep industry is much older in other parts of the world than in the United States he believes that American wool growers will also find market for their product south of the line.

WINNIEP GRAIN MARKETS.

Winnipeg, July 11.—Wheat prices were on down trend on the Winnipeg and American markets today, due to the general fall in the spring wheat areas. Buyers on Thursday were sellers on Friday on the more favorable crop conditions attributed to the heavy rainfall. Winnipeg July sold at 31 during the first half hour of business. Through the clearing house today there were 121 contracts. No. 2 hard wheat delivered at 80 under the July option, being the widest spread for a long time. Winnipeg opened unchanged to 1-4c lower and closed 1-4c to 1-4c lower. Chicago opened 1-4c to 1-4c lower and closed 1-4c to 1-4c lower. The cash demand was few. Few offerings and no export inquiry. Cash prices closed unchanged to 1c lower. One very tender and one stronger during the early hours, weakening later. Cash oats closed half cent to 3-4c lower. Cash flax closed half cent higher. Deliveries through the clearing house today were: Wheat, 15,000 bushels; oats, 6,000 bushels; flax, 3,000 bushels. Inquiries Thursday were 164 contracts and in sight were 200.

Winnipeg, July 11.—Wheat prices

were on down trend here due to general rains over the spring wheat areas. July sold at 31.00 during the first hour of business. Opening prices were unchanged to 1-4c lower and closed 1-4c to 1-4c lower.

CHICAGO GRAIN MARKETS.

Chicago, July 11.—General rains in the spring crop belt tended to ease wheat. Holdovers in Liverpool and Europe exerted a similar influence as of late when bullish activity has originated across the Atlantic. Realized

SOME SUPPOSITIONS

FOLLOWED BY FACTS

(By Industrial Commissioner Hall.)

Suppose you were a manufacturer or a business man in Edmonton. Suppose you had all your capital invested here. And you paid your full share of taxes for the support of the city and its institutions. And you tried to make a fair profit on your investment.

And then suppose that you found out that while you were making a very good manufactured article or selling a superior line of goods, there were people in Edmonton who went to another community for purchases of the same character. Wouldn't you have some pretty severe notions concerning the patriotism of your fellow-townsmen? Certainly.

And then suppose that you are not in business; you are not manufacturing anything. You are simply one of the great host of Edmontonians who make up the purchasing public. Your money does one of two things: It either supports Edmonton manufacturing and business enterprise or it goes abroad to enrich a manufacturer and business man in another community.

Where are you spending YOUR money? You want to see Edmonton prosper? Certainly. Your future lies here in Edmonton. To say you want to see this city a sound, substantial community, developing along lines of solidity and success; every right-minded citizen believes in that kind of progress.

What are you doing to encourage the "Made in Edmonton" propaganda? You have been reading this series of business editorials. Do you agree with the conclusions reached and the arguments advanced in support of them? Of course. Then make it your business to see that not one dollar of your money goes abroad for the purchase of an article which can be produced and purchased, value for value, just as good and just as cheap, in Edmonton.

That's the only way to build up home industry. And without that home industry Edmonton will never become the manufacturing centre which by every consideration of situation and trade advantage it ought to be.

Edmonton has available raw materials in abundance. Grains of all kinds for flour and cereal food manufacturers, wool for the spinner, hides for the tanner and the manufacturer, clay for brick and pottery, sand and pumice for paper mills, mineral, limestone, shale, sand, for glass-making, marl, tar sands, cheap coal—abundance of raw material for many lines of manufacturing.

Edmonton has opportunities in abundance, too. But those opportunities will mean nothing unless they are improved; they will come to nothing unless Edmonton citizens lead their encouragement to the industries and the business enterprises already established in the community.

You can want Edmonton by insisting on "Made in Edmonton" goods wherever the article you want is manufactured in this city.

YORK LOAN DIVIDENDS.

Two Years Already Been Paid—Third Tonsed End of Year.

Toronto, July 11.—The York-Canada Loan and Savings company, since it was organized in 1904, has paid two dividends, each of twenty cents. An effort will be made to clear up the loose ends of the loan sufficiently to declare a third and last dividend some time towards the end of the year. An authority declares that the final dividend will be in the neighborhood of five or six cents, making the total dividend paid to shareholders 55 cents on the dollar.

Contractors Will Not Bring In Non-Union Electricians

Decide to Play Waiting Game—Workers Say They Have Ample Funds and Will Hold Out as Long as Necessary—Strike May Last a Month.

No strike pay is being paid to any of the 124 electrical workers who are on strike in the city and officials of the union state that the workers do not want any help from the union.

"Contrary to what the employers would have the public believe," they say, "there are few of the men who have not enough food to sustain them in a good sized family in a period like the present."

When it is found necessary to draw on union funds that will be done, said Harry Allan, the business agent of the union. "And there is \$25,000 at the head office to be used in case of need. Before we think of drawing on union funds there will have to be a different aspect to the situation than there is at the present time, however."

The contracting firms in the city are resolved to play a waiting game to break the strike. At the meeting yesterday it was agreed to take on any man who applied for work, but not to take any further action. A committee was appointed consisting of W. H. Wilson, C. Pomeroy, and A. M. Pugh to take action in any situation that might arise and in the event of any important meeting considered the committee will call a meeting of all the contracting firms.

Very little work is being done to

the way of inside wiring at the present time. The contractors say that the public is quite confident and is not pressing the contractors except when it is absolutely necessary. In one or two cases where it would entail hardship to hold up the work, the union has related its rules. In order that the work on the fancy illumination for the garden fête at the general hospital, which was being done gratis by the Burbanck Bros. Co., and the Edmonton Electric Co., might not be held up the men who were working on the job were instructed by the union to go ahead and finish the work. In most cases, however, union men have placed in their way work proceeding and over a hundred men are picketing the city. Any reports as to work still proceeding are quickly sent to headquarters and men are sent out to chase the men to leave the job.

TO PROHIBIT TRADE IN HABIT FORMING DRUGS

All of the Twenty Nations Represented by Delegates at the Opium Conference, Except Great Britain and Germany, Have Agreed to Enforce Above Proposal.

Washington, July 10.—At the twenty-two nations which Germany and Great Britain represented by delegates at the opium conference just closed at The Hague, have agreed to prohibit the trade in habit-forming drugs. The convention provided for the prohibition of the trade in habit-forming drugs. The German and British governments are somewhat hostile toward the anti-drug movement and probably would ratify the convention if not for the opposition of the other nations. Austria is said to be well inclined towards the treaty, but Peru has expressed apprehension of injury to her important cocaine trade. The Swiss position is still unknown.

If any important nation finally refuses to join the convention it is the intention of the others to proceed without them in the adoption of restrictive measures relating on imports and export regulations to bring the minority into line.

ADVISED NOT TO TESTIFY.

Coroner's Jury Cannot Have Benefit of Railway Board's Expert's Testimony.

Edmonton, July 11.—Whether or not the coroner and engineering experts of the railway commission are privileged in their investigations under the law "inasmuch as they are not required to make the results of their public testimony available to the coroner's jury, is a point at issue in the request now pending before the coroner's jury at the Canadian Pacific Railway. The railway board, it was learned, has notified Mr. C. A. Mountain, chief engineer, not to testify.

"I understand it is desired that Mr. Mountain testify but the board considers his investigations for its own use, and a press representative to the Assistant Commissioner of the board."

"That's right," said Mr. Schell, in reply, "our officers do not examine for the benefit of the public and we are not called upon to testify in an inquiry. We couldn't get the information, the railroad company would not give it to us if it were so."

First Boat Through Canal.

Panama, July 11.—Col. Goethals announced yesterday the first boat to pass through the canal, would be a Panama railroad ship, and he says the water will be let into Cuba cut early this morning and immediately afterwards the final work will be made.

He Lost in Bye-Election.

Hertin, July 11.—Herr von Krescher, Conservative, who was elected to the Reichstag in January, 1912, from the Schwabach district, but whose election was annulled on account of irregularity, was today defeated in a second round by Dr. Buchner, of the Peasants League.

CANADA'S SURPLUS FIFTY-SIX MILLIONS

Domestic Finance Department Closes Books for the Fiscal Year

Ottawa, July 11.—The finance department closed today the Dominion ledger for the fiscal year.

The department's report with reference to tight money is not reflected in any way in the financial condition of the country. There is a surplus of current account of \$50,246,000. The public debt reduced by twenty millions, this amount representing the surplus over capital and consolidated debts. The total revenue on consolidated fund was \$188,600,000, as against \$188,128,210 in the previous year.

PANIC CAUSED IN PARLIAMENT BY LOY PISTOL

Suffragette Sympathizers Fire Harmless Shot and Yell "Justice for Women!"

MEMBERS SHOWERED WITH MOUSE-TRAPS

Intended as Satirization of the Cat-and-Mouse Act

London, July 11.—The report of a pistol fired from the straggles gallery in the House of Commons today, accompanied by a yell of "Justice for women," caused a panic among the members in session.

Simultaneously with the report a shower of pamphlets rained down on the members. The yell the printed words, "Votes for Women."

Two persons pointed out as the perpetrators of the outrage were taken from the galleries and detained pending investigation.

It was discovered later that the weapon was merely a toy pistol. A number of toy mouse traps scattering the "Cat and Mouse" Act reached the members wrapped in the pamphlets thrown from the galleries.

Window-Smashing in Liverpool. Liverpool, July 11.—Militant suffragettes started a window-smashing demonstration during King George's visit here today. Armed with powers, squads of women shattered several glass windows along the route of the procession, but the police quickly rounded them up and order had been restored before his Majesty's arrival.

Assault Member Sentenced. Newcastle, Eng., July 11.—A fine of £10 or one month's imprisonment was inflicted today on Mrs. Margaret Hinchinson, daughter of the local "suffragette," David A. Thomas, for setting fire to a police mail van on June 25. Mrs. Hinchinson elected to go to jail. Her husband is Captain Hinchinson of the Royal Monmouthshire Engineers, elder son of Sir Arthur Macarthur, and heir to the baronetcy.
